- Gujarati *(Fluent)*

PROFESSIONAL SUMMARY

I'm a skilled IT professional, however, the provided skills are empty. To provide an accurate response, I would need the skills associated with Mohanty Hitesh Rabindranath. If you provide the skills, I can create a profile summary in 40-50 words, focusing on core technical strengths and role-relevant capabilities, using a first-person tone.

PROFESSIONAL EXPERIENCE

AI Intern (Remote)

Tata Group, Mumbai • February 2025 - May 2025

Developed multi-agent AI systems and backend services for a financial analytics platform using FastAPI, LangChain, and LLMs. Contributed to automation, intelligent reporting, and research tools for enhanced decision-making.

AI & Data Science Intern

NIT Rourkela • March 2025 - June 2025

- Developed AI models using Python, TensorFlow, and scikit-learn, analyzing large datasets. - Improved data processing efficiency by 25% using Apache Spark and pandas.

NOTABLE PROJECTS

AI-Powered Resume Builder

Built an AI-powered resume builder with Firebase authentication, enabling users to create, update, and generate professional resumes from stored profile data. Integrated Firestore for real-time data storage and Streamlit for interactive frontend.

Technologies: Python, Langchain, Groq, Firebase, Weasyprint

Crop and Fertilizer Recommendation System

Developed an AI-powered web application 'FarmSathi' for crop, fertilizer, and pesticide recommendation, integrating machine learning and deep learning for precision farming and disease detection.

Technologies: Python, Streamlit, Scikit-learn, Machine Learning
